

Dec. 22, 2000

To: Glendale Painting Corp.

I thank all the men who worked on this job. They worked hard and did a very good job. These bldgs. are not easy to work on and they had to go around the bldgs. about four times with the various stages of the project. We had 5 or 6 men some days and 15-20 men some days.

The job time estimated was 8 weeks and the job was completed in 8 weeks and 2 days.

The foreman, Louie, and Don Lucas cooperated with me to finish the patios and balconies before Thanksgiving. My residents and I appreciated their hard work to get them completed by Wed. 11/22.

The men were professional, courteous and hard workers. Louie did a very good job keeping the work moving along. Some shrubbery got trampled, but I expected that to happen.
