Dear Rick,

On behalf of the owners of the Harbor Watch Condominium I want to take this opportunity to express our appreciation for the excellent job that Glendale did painting our building. The professionalism, thoroughness and attention to detail that your people displayed was outstanding. In particular, the management of the project by Kevin was especially noteworthy. He never hesitated to accommodate our wishes and always went "that extra mile" to make sure that we were pleased with the job.

We have had many compliments on the building since it has been painted and we have passed the name of your company along to all who have expressed an interest.

Thanks again for an outstanding job.

Yours truly,

*Irvin G. Ray
President*
